

Kashabowie River Resort

www.kashabowie.com

A Fishing Paradise!

Some of the finest fishing in Northwestern Ontario is found in the Shebandowan Lake area. The lake is approximately 35 miles long, dotted with many islands and bays and it features miles of picturesque shoreline. It offers the angler an exciting variety of fishing. Northern, small mouth bass and walleye are abundant. The falls of the Kashabowie River in front of our main lodge produces exciting catches of Walleye and Small Mouth Bass.

Drive in to our comfortable and modern main camp. We have 2 or 3 bedroom cabins available, all overlooking the lake or the river. Each cabin is electrically wired, has modern plumbing, hot water, showers, refrigerators and ranges. There is also a sauna on site for use at your leisure we also have sanitary fish cleaning facilities and a locked deep freeze to store your fish. Bait, tackle and gas may be purchased. We also offer boat and motor rentals and have a boat launch should you choose to bring your own boat.

Kyle and Tracy Vescio owners of the Kashabowie River Resort have donated a Weekend 5 night stay for up to 4 people, to the North Shore Steelhead Association.
