A premier 'Lake Trout' lake nestled in the rugged beauty of Northwestern Ontario's Sunset Country.

The main lodge is road accessible as are many other excellent lakes known for their walleye, northern and small mouth bass. It has fully modern or rustic cabins for you to choose from.

Sturgeon Lake Lodge is located at the extreme south end of the fifty five mile long Sturgeon Lake. We have an outpost twenty two miles up the lake which is serviced by the legendary Dorothy Lee, our forty five foot tug boat.

Jim Hall and Don Perry owners of the Sturgeon Lake Lodge have donated a fishing trip for 4 people, for 3 nights and 4 days to the North Shore Steelhead Association. Also included is boat and motor, full use of gazebo, sauna and fish house plus join us for our Friday night barbeque
